Pasir Ris Grove Condo with the Coronavirus identified as D'Nest

by 99Co

ment Agency (NEA) about a coronavirus.

A mandatory quarantine order was received today and officers from the NEA and Ministry of Health (MOH) were present to advise and support the affected neighbours. It is expected that the quarantine order will remain in place for the next two (2) weeks.

As a precautionary measure, the Management is carrying out the following measures:

- Temporary closure of outdoor play areas and outdoor gyms for sanitisation
- Temporary closure of Play Studio for sanitisation
- All blocks will be switching to sanitising liquid in place of traditional floor detergent
- All lobbies at Basement 1 and Level 1 will have hand sanitisers installed by 29 January 2020

Disinfection procedures have already begun to take place at the affected block and we will continue to apply sanitisation activities to all common areas.

It is strongly advised that all neighbours refer to the official guidelines as published by the Ministry of Health. For more information, please refer to <https://www.moh.gov.sg/>

We will continue to monitor the situation and update residents as it develops.

Thank you

A 56-year-old male arrived from Wuhan on Jan 19 and subsequently developed a cough on Jan 25. MOH said he then presented himself at Changi General Hospital on Jan 26 and tested positive for the virus the next day. The ministry said he stayed at his family home at Pasir Ris Grove before his hospital admission.

Singapore properties affected by the Covid-19

by Business Times

Various commercial buildings have been affected since the outbreak of the virus. Click on the image above to read further. We all have to take precautions to ensure our estate remain safe for all of us to live in.

TOGETHER WE CAN OVERCOME THE NOVEL CORONAVIRUS

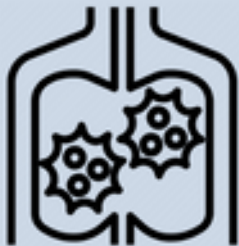

What we should know and do

SYMPTOMS

CONTAGION

HOW WE CAN PICK UP THE VIRUS

1. BY AIR - breathing in respiratory droplets produced when an infected person coughs or sneezes,
2. BY CONTACT - when these droplets are on surfaces eg. gym equipment, lift buttons, door knobs
3. BY POOR HYGIENCE - when we do not do a proper hand wash and then use our infected hands to touch our eyes, mouth and open wounds

PREVENTION

Protect others from getting sick

Avoid close contact when you are experiencing cough and fever

Avoid spitting in public

If you have fever, cough and difficulty breathing seek medical care early and share previous travel history with your health care provider

Protect others from getting sick

When coughing and sneezing cover mouth and nose with flexed elbow or tissue

Throw tissue into closed bin immediately after use

Clean hands with alcohol-based hand rub or soap and water after coughing or sneezing and when caring for the sick

Wash your hands

- after coughing or sneezing
- when caring for the sick
- before, during and after you prepare food
- before eating
- after toilet use
- when hands are visibly dirty
- after handling animals or animal waste

AT OUR ESTATE WHAT ELSE WE CAN DO?

1. Wear a mask and stay at home if you are unwell
2. Avoid the gym for now if possible
3. Minimize group gatherings till situation improves
4. Let your security or condo manager know if you have 2 or more of the symptoms especially a fever
5. Avoid travel to any of cities with outbreaks
6. Use the sanitizers provided to prevent spread of the virus

WE ALL HAVE A PART TO PLAY IN THIS. BE SOCIALLY RESPONSIBLE AND TAKE CARE OF YOURSELF AND YOUR LOVE ONES
